

Outstanding Trade In Deals

If you are in the market for a new densitometer or plate reader, then here is a deal too good to refuse

If you have an old densitometer or plate reader working or not, now is the time to trade in and take advantage of our special trade in offer.

- Standardized
- It doesn't even need to be working
- It doesn't need to have similar functionality
- It can be any make or model
- The competition's warranty is 12 months, Techkon warranty is 24 months
- More features than the competition's at a cheaper price
- You be the judge, compare quality, features, price, warranty and back up, you wont be disappointed
